Amendment

Dear Examiner LaRoux:

This amendment responds to the Office Action mailed January 11, 2002.

In the Claims:

Following is a clean set of the claims in this case. A **“Version with Markings to show Changes Made”** is included as an addendum to this Amendment.

1. An optical arrangement, comprising:
a light source that emits radiation,
a mount,
an optical element fastened in said mount,
wherein said optical element is acted on by said radiation such that a heat supply results from said radiation that lacks symmetry corresponding to the shape of said optical element, and
a connecting structure between said optical element and said mount, having a symmetry characteristic that does not correspond to the shape of the optical element.
